

The Good News class has SS meetings via Zoom meeting every Sunday Morning at 9:30 am. Members Kyle and Susan Coldren have a private business account and are graciously scheduling us weekly to keep our normal meeting time on Sundays. During this time of CoVid 19 and challenges we face, we spend time weekly to check in with how things are with each other, lifting prayers and praises, needs and concerns. We then shift to studying God's word using several resources, currently we are using "The Wired Word" . Each lesson includes biblical commentary and discussion questions related to a topic in the week's news. It helps to view the facts in a news story by confronting it with scripture and hope and learning how we can respond with a Christian perspective.

We would love to have anyone join our gathering for their faith walk and a deeper relationship to God and the GBUMC family. Please contact Ed and Denise Carbaugh so we can send you the Email lesson and link to the Zoom connection as they change weekly. We have a Facebook page "GBUMC's Good News Sunday School Class " which we share updates / information to the class about the Church and prayer concerns.

Please don't let a fear of teleconferencing stop you! We know technology can be intimidating so we will work one on one with anyone anytime to help you connect using your phone, smart phone or computer until you feel comfortable. Contact us anytime ahead of class for the training.
